#### VERSE

I got an itch  
But what can I do  
If all I do is think about  
how she'd take the truth  
now hit the switch  
And now she's so trite  
Standing in the kitchen  
With that look in her eyes  
I said

#### PRE

Oh I lost my head again  
Cause he's the one you're drinking with  
And you don't know you're better off alone

#### CHORUS

Take another moment baby  
You're on my mind  
Oh my my  
Pushing past the point of saving  
Trading time  
Oh my my  
For you I'd give the whole damn lot  
But tell me what good is all I got?  
Cause I'll follow till I'm pushing daisies  
You're on my mind  
Oh my my

#### VERSE 2

Yeah he was shakin' a bit  
I kinda think that I was making him sick  
Didn't really know it was some secretive shit  
But didn't really care to be complicit in it  
either way

#### PRE

Yeah oh I lost my head again  
Cause he's the one you're drinking with  
You don't know you're better off alone  
Oooh

#### CHORUS

Take another moment baby  
You're on my mind  
Oh my my  
Pushing past the point of saving  
Trading time  
Oh my my  
For you I'd give the whole damn lot  
But tell me what good is all I got?  
Cause I'll follow till I'm pushing daisies  
You're on my mind  
Oh my my  
You're on my mind  
Oh my my  
You're on my mind  
Oh my my

#### BRIDGE

I'll put it in a song dear  
I'll write your name on the sun  
So when it shines in the morning  
He'll see what he's done  
Oh I lost my head again  
Cause he's the one you're drinking with  
And you don't know you're better off alone
